When I got out of my bed this morning  
I noticed that it didn't have a right side  
And my head feels like it's filled to the top  
With pop and rocks and cyanide

There's an earthquake coming and you think you know  
Where it started, but it started very long ago  
I need a mongoose baby, and some calgon to take me  
up outta here

Some days just chicken bones  
You'd better fuck off now, you'd better leave me alone  
Cos I'm about to explode, just like a wonderbread  
bomb  
And I don't care what I know, because I can't be wrong  
Some days just chicken bones  
You'd better fuck off now, you'd better leave me alone  
Cos I'm about to explode, just like a wonderbread  
bomb  
And I don't care what I know, because I can't be wrong

Yes I know why you need it, cos your car broke down  
And you wanna take the next bus outta this town  
But if anybody's getting on the bus, dog, it's gonna be  
me

I know I don't need what you've got for me  
Baby I do feel ready for me  
You'd better watch out sugar, cos I'm about to get my  
old spice on

Some days just chicken bones  
You'd better fuck off now, you'd better leave me alone  
Cos I'm about to explode, just like a wonderbread  
bomb  
And I don't care what I know, because I can't be wrong  
Some days just chicken bones  
I'm all jacked up on DC at my place alone  
And I don't care what you think about my attitude  
Because I can't be bothered with the likes of you

Some days just chicken bones  
You'd better fuck off now, you'd better leave me alone  
Cos I'm about to explode, just like a wonderbread  
bomb  
And I don't care what I know, because I can't be wrong  
Some days just chicken bones  
I'm all jacked up on DC at my place alone  
And I don't care what you think about my attitude  
Because I can't be bothered with the likes of you
