[Verse 1:]

Girl your body is a blessing
Our personality sent from heaven
But your pretty face now that's a weapon
And if looks can kill then I'ma need a coffin
My girl keep green like Boston
And them girls be hating so often
Cause they mad that I'm by her side
Or say it vice versa she by my side
She down to ride like 24/7 say be there at 10
She be there around 11
Haters throw salt like rice at a wedding
But we aint even tripping
Aint even stressing

[Hook:]

Don't Trip off what they say
And don't tripp of what they do
They just tryna break us up
That's what they tryna do
Don't trip off what they do
And don't trip off what they say
Just stay down for me boo
And don't take your love away

[Verse 2:]

Girl your smile got me tripping
And the way you put it down got me thinking
In this world there's so many women
But there's something bout you
Girl you different
You make me wanna give up the game
Call you Mrs.sky give you my last name
Girl you make me wanna give up the game
Call you Mrs.Sky give you my last name
And this haters tryna break us
But ain't no couple alive that can take us
Yeah we fight but we never ever break up
And I can't lie the sex good when we make up

[Hook:]

Don't Trip off what they say
And don't tripp of what they do
They just tryna break us up
That's what they tryna do
Don't trip off what they do
And don't trip off what they say
Just stay down for me boo
And don't take your love away
