Here we go again,  
Just another day, my friend,  
Could this be the end?  
If that's the case,  
Don't wanna see your face,  
Help me fill that empty space.  
Somewhere in my mind  
She left me feeling blind  
And I feel lost till the end of time.

Love... is a pretty thing,  
Love... keeps us alive,  
Love... is a pretty thing,  
Love, love, love until we die.

So here we go again,  
Walk this road again,  
Just another day, my friend,  
And I miss us so  
When I walk this road alone,  
And I know, I know, yes, I know  
Somewhere in my day  
Love was mine to stay,  
And I wish it stayed that way

(x3)

Love... is a pretty thing,  
Love... keeps us alive,  
Love... is a pretty thing,  
Love, love, love until we die.
