DO IT AGAIN A LITTLE BIT SLOWER

Jon, Robin, & the In Crowd

Kiss me (kiss me), I love the way that you kiss me (kiss me, ooo)

There's only one thing wrong with the way you kiss me (kiss me, yeah)

Now your kisses are sweeter than sugar & plenty strong enough

But the bad part is you don't do it slow enough, oh

CHORUS:

Do it again just a little bit slower

Do it again just a little bit slower

I just can't stand it when it's over

Do it again just a little bit slower

Hold me (hold me), I love the way that you hold me (hold me, ooo)

There's only one thing wrong with the way you hold me (hold me, yeah)

Maybe you'd just laugh if I let you know too soon

But the thing about this, you just let go too soon, oh baby

(chorus)

Slower, slower, kiss me just a little bit slower

Tell me that you love me, hold me fast, make it last &...

(chorus)

(repeat the word "slower" & fade)
