[Feat. Josh Puebla]

[Verse 1:]

I remember when we first met,  
It blew my mind cause I thought I finally found miss  
perfect  
But it kills me inside to know he has your heart,  
And if only you knew I was in love from the very start  
I'm waiting patiently, baby run away with me,  
You ain't happy with him I don't understand why can't  
we be  
I sit here wishing everytime I see you with him,  
Thinking if I can't have you, is this love I have forbidden  
If loving you is wrong, I don't want to be right,  
Laying in my bed, think about you every single night  
Your beautiful smile has got me in a daze,  
I know that I'm the one for you so tell me can we get  
away

[Chorus:]

Without you I'm loosing my mind,  
I'm loosing my mind, yeah  
Tell me can we get away,  
Can we get away, ay, ay, ay, ay  
Can we get away  
Without you I'm loosing my mind,  
I'm loosing my mind, yeah  
So tell me can we get away,  
Can we get away, ay, ay, ay, ay  
Can we get away

[Verse 2:]

And every moment of everyday, I'm wishing we can get  
away,  
So many things on my mind that I want to say  
I can't eat, I can't sleep, it's like I ain't allowed to,  
All I do everyday is just think about you  
If only you could feel what I feel,  
You would know deep down that these feelings are real  
I would rob and steal just to make you happy,  
And let you go in a minute if you're better off without

me

[Chorus:]

Without you I'm loosing my mind,  
I'm loosing my mind, yeah  
Tell me can we get away,  
Can we get away, ay, ay, ay, ay  
Can we get away  
Without you I'm loosing my mind,  
I'm loosing my mind, yeah  
So tell me can we get away,  
Can we get away, ay, ay, ay, ay  
Can we get away

[Verse 3:]

Daydreaming for the day we'll be together, baby it's  
now or never,  
I see the way he treats you I know I could treat you  
better  
It's getting hard for me keeping these feelings to  
myself,  
I wanna be the one you're with and baby no one else  
So take your time, make up your mind,  
Do you wanna be with him or can I make you mine,  
Everytime I see you I know I can't have you yet,  
But if you get with me you will never have regrets  
When I'm with you I cherish every moment,  
Never take you for granted, I'll never leave you lonely  
I know your fed up and you're looking for a change,  
I know that I'm the one for you so tell me can we get  
away

[Chorus:]

Without you I'm loosing my mind,  
I'm loosing my mind, yeah  
Tell me can we get away,  
Can we get away, ay, ay, ay, ay  
Can we get away  
Without you I'm loosing my mind,  
I'm loosing my mind, yeah  
So tell me can we get away,  
Can we get away, ay, ay, ay, ay  
Can we get away
