Young jcool bout to kill this beat,  
Like my boy dwade and the miami heat,  
Yeah I'm going hard like concrete  
Take a seat young one my rap is so elite  
My Whole Body While Your A Petit  
I always spit something different but ya rap repeats X3  
And your off beat, And your from the street  
You can't compare me to you because my rap defeats  
So just take a seat and listen to this beat  
Cause when I rap hard I rap harder then wheat  
So just hit the feet  
Cause your full of meat  
This aint no hatching pete  
While your own this beat  
You'll never be like me  
Because they call me beast
