All my life I have searched for clues
This is what they taught me
Every mystery I pursued
Was a secret I already knew
Deep down you know - in your soul
Love is in control
Oh, if you could find the angel within
Time, time to have faith in your wings

Free - everybody's free
In the new day that's coming
Freedom for all is our destiny

Every stone that I left unturned
Soon came back to haunt me
Every fall, every finger burned
Was a step on the road to truth
That I am you - my soul
You are not alone
Oh, when your heart is turned to stone
Love, love is the only way home

Free - everyone's free
In the new day that's coming
Freedom for all is our destiny

Free - everything's free
In the new day that's coming
Freedom for all is our destiny

Freedom from shame
Freedom from fear
Freedom to live - it's your right to be here

(Voiceover)
Unity of minds... unity of hearts... one sole sensation...
no longer a
coincidence...
Overwhelming energy... channelled... through
universal language allows
the personal legend to unfold
