I am the living dead, You are the opposite  
We're like fire and ice, only one can survive  
My will's departed

Life is in Your eyes, reach into mine  
I am

A valley of bones covered in stone  
Nothing more than human  
Into the unknown, body and soul,  
You're calling me good  
Only with You the dead come to life, dead come to life  
Only with You the dead come to life, dead come to life  
Only with You the... Yeah

I am a foreigner, caught in the crossfire (whoa)  
I am paralyzed by the battle cries  
Can you hear it?

Life is in Your eyes, reach into mine  
I am

A valley of bones covered in stone  
Nothing more than human  
Into the unknown, body and soul,  
You're calling me good  
Only with You the dead come to life, dead come to life  
Only with You the dead come to life, dead come to life  
Only with You the

We are the dry and thirsty sand, hold on  
Upon this dry and thirsty land, hold on  
Will You speak life into the flesh?  
Breathing into the dead, dead  
Oh...

A valley of bones covered in stone  
Nothing more than human  
Into the unknown, body and soul,  
You're calling me good  
Only with You the dead come to life, dead come to life

Only with You the dead come to life, dead come to life  
Only with You the...Oh  
Only with You  
Only with You the dead come to life
