There's a boy inside of me reaching out for sympathy.
I stare at him from afar, wishing I could say to him.

Just put the weapon down, you'll be alright somehow,
You will be safe and sound, I swear.
You can walk out that door, they can't hurt you
anymore.
The sun will come out for sure this time.

There's a war inside of us, we wrestle with the fear that
we may never win.
All the while, through space and time, a cry of light will
always speak for us.

Just put the weapon down, you'll be alright somehow,
You will be safe and sound, I swear.
You can walk out that door, they can't hurt you
anymore.
The sun will come out for sure this time.

Only light can quinst the dark, only home can ease the
pain,
We're the reason for the fall, but only love can stop the
war.

Just put the weapon down, you'll be alright somehow,
You will be safe and sound, I swear.
You can walk out that door, they can't hurt you
anymore.
The sun will come out for sure this time.

We're the reason, we're the reason, we're the reason,
Only love can stop the war.
We're the reason, we're the reason, we're the reason,
Only love can stop the war.
