Another night and you're speaking to silence
Another moment flies right through the air
The silhouette of yourself fading slowly away
Is it always gonna be this way

Another day and you're still trapped in silence
The broken pieces are all that is left
You have a dream that you one day will love your own
faith
Is it always gonna be this way?

Tonight we're gonna make it on our own!

Don't look back
Another symphony to make things right
Another fight
You're gonna work it out
Don't be afraid
Don't be afraid

And no matter where you're at
Another fairytale to make things right
Another fight
You gotta stand your ground
Don't be afraid
Don't be afraid
Don't be afraid!

You see a bridge but it's leading to nowhere
You got a ticket with no-way return
You are lost in a spiral of beautiful lies
I can see it in your eyes

Tonight we're gonna make it on our own!

Don't look back
Another symphony to make things right
Another fight
You're gonna work it out
Don't be afraid
Don't be afraid

And no matter where you're at
Another fairytale to make things right
Another fight
You gotta stand your ground
Don't be afraid
Don't be afraid
Don't be afraid!

Don't look back
Another symphony to make things right
Another fight
You're gonna work it out
Don't be afraid
Don't be afraid

And no matter where you're at
Another fairytale to make things right
Another fight
You gotta stand your ground
Don't be afraid
Don't be afraid
Don't be afraid!
