Smile

Your smile is what keeps me alive
The way that you hold me so tight
I'm falling and suddenly I

I wake up wondering where you are
And what you've done
And how you've been
You are gone
I just wonder what went wrong
What made us fall and made us leave it all behind

Didn't know you were the one

And I try to forget you
Don't know why I left you
It's the biggest mistake that I've done
Oh, I don't wanna fall, I don't wanna fall in love
With someone else than you
And now that you're gone I am sleeping alone
And I realize what I have done
Oh, I don't wanna fall, I don't wanna fall in love
With someone else than you

I, I'm dying trying to figure out why
Why I keep wondering where you are
And what you've done
And how you've been
You are gone
I still wonder what went wrong
What made us fall and made us leave it all behind

Didn't know you were the one

And I try to forget you
Don't know why I left you
It's the biggest mistake that I've done
Oh, I don't wanna fall, I don't wanna fall in love
With someone else than you
And now that you're gone I am sleeping alone
And I realize what I have done

Oh, I don't wanna fall, I don't wanna fall in love
With someone else than you

And I try to forget you
Don't know why I left you
The biggest mistake that I've done
And now that you're gone I am sleeping alone
I realize what I have done

And I try to forget you
Don't know why I left you
It's the biggest mistake that I've done
Oh, I don't wanna fall, I don't wanna fall in love
With someone else than you
And now that you're gone I am sleeping alone
And I realize what I have done
Oh, I don't wanna fall, I don't wanna fall in love
With someone else than you

Didn't know you were the one
Realize what I have done
I don't wanna fall in love
With someone else than you
