I'm staring at an empty bed
Wondering what was left unsaid
I close my eyes and then you're here

Just like the seasons will change
Just like every flower needs rain
I need to feel you again

So you gotta save me tonight
I wish that I could turn back the time
I'd do anything for you to be mine
So you gotta save me tonight
Tonight tonight tonight
You know that I will walk through the rain
And I'd do anything to see you again
So you gotta save me tonight
Tonight tonight tonight

The memories of what we had
I do my best to understand
I cannot believe this, that what we had is gone!

And how would it be if we met
Would you turn around again when I left
I'd like to see you again

So you gotta save me tonight
I wish that I could turn back the time
I'd do anything for you to be mine
So you gotta save me tonight
Tonight tonight tonight
You know that I will walk through the rain
And I'd do anything to see you again
So you gotta save me tonight
Tonight tonight tonight

Save me tonight [repeated]

Save me tonight
Tonight tonight tonight
