Jesus Christ
Jesus Christ
Jesus Christ
Take care of me

Over my head the clouds
Are running on in the the blue sky
While on the sad who are worn
Lifes so harder and people cry
Life like the clouds above
Everybody here has gone astray
But he can show them how
To better find the right way

Jesus Christ....

Everybody I see
Feels so much love and crys for peace
All those who could do war
They hope it's great and never cease
Seeing the flowers blooming
Between the stones of ourselves the soil
My heart it feels the hopes
That anything can't destroy

Jesus Christ..

Everyone that I meet
Blood and brothers will do so help
Trying to find the people
who truly care enough to change the world
May good grant this crime
Of raising the prison of day to day
So that the loves that be are raised together
And together play
