It's february 14
I just broke up with my girl
Are you missing all for love
Roses and teddy bears everybody's celebrating
I don't wanna be alone

I don't wanna be
Think about you
Think about you
I don't wanna be
Think about you
Think about you
Honey but I can't go without you
Go without you
I don't wanna be alone

Call in about a fireplace
Lost my love I can't find my way
All alone and no valentine
Tryin to get you off my mind
Tossin turns still by the way
And you say just forget about it
Cause you don't give a damn about us
You left my heart on the floor
Now I'm saying fuck it doll

Being here no more
There's 6 o'clock in the mo
I fucked arround with these fuckin hoes
You fucked arround and got ghosts
I gotta do these mistakes on my own
Cause I know you ain't coming home

It's february 14
I just broke up with my girl
Are you missing all for love
Roses and teddy bears everybody's celebrating
I don't wanna be alone

I don't wanna be
Think about you

Think about you
I don't wanna be
Think about you
Think about you
Honey but I can't go without you
Go without you
I don't wanna be alone

Oh girl think about what you're doing
Why you acting so proud?
Why you tryin to prove shit?
Front back you know how we do it
I know you remember that
Cause you never met a nigga like me
Living first class taking trips overseas
But you got me all alone this february 14
I see you doing you and you don't worry about me

Being here no more
There's 6 o'clock in the mo
I fucked arround with these fuckin hoes
You fucked arround and got ghosts
I gotta do these mistakes on my own
Cause I know you ain't coming home

It's february 14
I just broke up with my girl
Are you missing all for love
Roses and teddy bears everybody's celebrating
I don't wanna be alone

I don't wanna be
Think about you
Think about you
I don't wanna be
Think about you
Think about you
Honey but I can't go without you
Go without you
I don't wanna be alone

Cause you don't give a damn about us
You left my heart on the floor
Cause you don't give a damn about us
You left my heart on the floor
Now I'm saying fuck it doll

Think about you
Think about you
Be without you
Be without you

Go without you
Go without you
And I don't wanna be alone
