It's a bit orgasmic

It's a bit orgasmic

A bit orgasmic

One cream, one hole

One size, two holes

One golden chance, of what could be

It's a bit orgasmic

One shaft he-he

That cum's that way

No mortal man, can cream that way

It's a bit orgasmic

The bell end pings, inside your muff

Imagining, your place or mine

It's a bit orgasmic

The wanking seems, eternally

My dick will cum, in your fanny

Is this a bit orgasmic?

It's a bit orgasmic

I can only cum once

This wank, that lasts a thousand years

Will soon be done

Fun sex, no yawns inside your room

I'm hearing loads of moans and groans

It's a bit orgasmic

My bell end creams, inside your muff

Imagining, your place or mine

It's a bit orgasmic

It's a bit orgasmic

This wank, that lasts a thousand years

Will soon be, will soon be, will soon be done

This is a bit orgasmic

I can cum only once

This wank, that lasts a thousand years

Will soon be done (Done)

Orgasmic

It's a bit orgasmic

It's a bit orgasmic, 'gasmic, 'gasmic, 'gasmic 'GASMIC!
