I can't imagine losing the one, after spending a life
time together
I'm sure it's not easy facing the day, I wish I could
make you feel better
It doesn't seem fair, and it doesn't seem right
But you're not alone, I'll be right by your side

I'm glad I could stay a while
I'm glad I could make you smile
But it's a long drive home and I really have to go
Everything will be alright, he'll be with you in your
dreams tonight
And you can see his eyes when you look into mine

His eyes

Don't be afraid to show how you feel, if it helps you to
talk about him
Tell me a story, when you were young, I wanna know
more about him
Lets take this time to recognize, he wants you to be
happy and so do I

I'm glad I could stay a while
I'm glad I could make you smile
But it's a long drive home and I really have to go
Everything will be alright, he'll be with you in your
dreams tonight
And you can see his eyes when you look into mine

I am here, I am here, I am here

In his eyes

I'm glad I could stay a while
I'm glad I could make you smile
But it's a long drive home and I really have to go
Everything will be alright, he'll be with you in your
dreams tonight
And you can see his eyes when you look into mine

His eyes
