"Dream On"

Visit "[Dream On](#)" on MotoLyrics.com

We all share the morning
We all share the night
Wherever we are walking the sun will delight
... yeah baby it's all right

Whenever you're walking the tightrope
Dream on, dream on
Whenever it's time to refuel
Lean on, lean on

We all live in seclusion
We all live with the angels
Whatever we are longing the sun will delight
... baby it's all right

Whenever you are walking the tightrope
Come dream on, dream on
Whenever it's time to refuel
Come lean on, lean on
