I want to move you right
It's like off through the light
Pontius Pilate heart, Pontius Pilate heart
Riding on the wall, can't talk you out of your cold
Pontius Pilate heart, Pontius Pilate heart
You know I don't make the rules
I know how you suffer fools
Pontius Pilate heart, Pontius Pilate heart

Pontius heart will break, against the tree of fallen lake
Upon the sacrificial night
I do what I can but it won't make it right
In your heart

When nothing clean remains
Do recognize the stain
Pontius Pilate heart, Pontius Pilate heart
Riding under the sheets
Flying over the streets
Pontius Pilate heart, Pontius Pilate heart

Pontius heart will break, against the tree of fallen lake
Upon the sacrificial night
I do what I can but it won't make it right
In your heart

You're going to have your way
No matter what I say
Pontius Pilate heart, Pontius Pilate heart
Pontius Pilate heart, Pontius Pilate heart.
