Don't know why I'm still afraid
If you weren't real I would make you up

Now

I wish that I could follow through
I know that your love is true and deep
As the sea

But right now
Everything you want is wrong,
And right now

All your dreams are waking up,
And right now

I wish I could follow you
To the shores
Of freedom,
Where no one lives.

Remember when we first met
And everything was still a bet
In love's game
You would call; I'd call you back
And then I'd leave a message
On your answering machine

But right now
Everything is turning blue,
And right now

The sun is trying to kill the moon,
And right now

I wish I could follow you
To the shores
Of freedom,
Where no one lives

Freedom

Run away tonight
Freedom, freedom
Run away
Run away tonight

We're made out of blood and rust
Looking for someone to trust
Without
A fight
I think that you came too soon
You're the honey and the moon
That lights
Up my night

But right now
Everything you want is wrong,
And right now
All your dreams are waking up,
And right now
I wish that I could follow you
To the shores
Of freedom
Where no one lives

Freedom
Run away tonight
Freedom, freedom
Run away
Run away tonight

We got too much time to kill
Like pigeons on my windowsill
We hang around
Ever since I've been with you
You hold me up
All the time I'm falling down

But right now
Everything is turning blue,
And right now
The sun is trying to kill the moon,
And right now
I wish I could follow you
To the shores

Of freedom
Where no one lives
