How do I begin to imagine?  
All the happy  
Faces I'd like to see  
The final destination

With sounds of celebration  
If I could find the opportunity

So I wonder who can I turn to?  
Who can make these  
Wishes and dreams come true?  
And with you there beside me

And loving hands to guide me  
Anything is possible to do

So if you bring the sunshine  
I'll bring the good times  
Just add your laughter  
It's happy ever after  
I don't know about you  
But that sounds good to me

I can feel it coming together  
All the loving working so very well  
Nothing left to do now

Gonna see it through now  
And we can let the future write itself

So if you bring the sunshine  
I'll bring the good times  
Just add your laughter  
It's happy ever after  
I don't know about you  
But that sounds good to me

Oooooo woah woah oooooh

So if you bring the sunshine  
I'll bring the good times

Just add your laughter  
It's happy ever after  
I don't know about you  
But that sounds good to me

I don't know about you

But

That

Sounds

Good

To

Me

That sound good to me
