I have this feeling inside
Something that I can't hide
Something about you
I have feelings for you
But baby I just don't know how to tell you
Sometimes I try to
But you ignore me
So please baby listen to me
So you can see
That I can give you all my love and joy
But instead you go around and play me like your toy
Well that was then and now is now
You know what they say what goes up must come
down, all the way down
But now I have feelings for someone else
So I'm through with you
Now you can kiss me goodbye
Because for me your just gonna cry
So don't go around being a snitch
So now you can back off you stupid bitch
