She gave your heart 2 u  
She gave up her friends like u said she should do  
She put her smile aside 4 u  
Threw out her dreams if u said u didn't approve  
She gave her mind  
Compromised her life  
Just 2 see if she'd find  
U were trying to hold her back  
Slowly throwing her off her track  
Got her dissapointed again

She's through with it (love)  
She's through with it, through with it (love)  
She's through with it, through with it (love)  
She's through with it, through with it (love)  
She's finally givin' it up  
She's givin' so much in the past (past)  
For a love she never had (had)  
She's through with it  
She's, she's throught with it (love)  
She's through with it, through with it (love)  
She's finally givin' it up

Oh fuck, there u go again comparing her to  
Every little model on the TV screen  
Oh shit, there u go again complaining to her  
Cause she wants to spend time with her family  
Her esteem has gone down  
Never want to take her out  
Make her feel dumb and alone  
She don't know where to go  
Cause she lost all her friends and family  
But now she's finally givin' up on love

She's through with it (love)  
She's through with it, through with it (love)  
She's through with it, through with it (love)  
She's through with it, through with it (love)  
She's finally givin' it up  
She's givin' so much in the past (past)  
For a love she never had (had)

She's through with it  
She's, she's through with it (love)  
She's through with it, through with it (love)  
She's finally givin' it up

She shared all her secrets with you (you)  
Even when it hurt her tellin' the truth  
She paralyzed her growth 4 u  
She gave u control  
She felt hopeless without u  
Culdn't be a friend (friend)  
To anyone happy (happy)  
Cause with u she see's (she see's)  
Misery love's company  
If this is love  
Cause if it's love  
She's through with it

She's through with it (love)  
She's through with it, through with it (love)  
She's through with it, through with it (love)  
She's through with it, through with it (love)  
She's finally givin' it up  
She's givin' so much in the past (past)  
For a love she never had (had)  
She's through with it  
She's, she's through with it (love)  
She's through with it, through with it (love)  
She's finally givin' it up

Why does she feel so empty?  
She's cryin' out 4 some stability  
Destroy her many insecurities  
She's breakin' out somebody pray 4 her  
She need's a new love like no other  
Not an ordinary love  
Restore her joy, wisdom, and courage  
Lord, she need your love  
But now she found a new love  
She found a new, found a new (love)  
She finally found it in me

She found a new (love)  
She found a new, found a new (love)  
She found a new, found a new (love)  
She found a new, found a new (love)  
She finally found it in me  
She's given so much in her life  
For a love she always had  
She found a new  
She, she found a new (love)

She found a new, she found a new (love)  
She finally found it in me
