W-A-T-S-O-N to tha V-I-L-L-E  
My city so fast you react so slow  
Your heart might stop and your blood won't flow

N-O-R to tha C-A-L  
Better yet thas me  
Most of ya'll niggaz gotta impress me  
You say you gots skills  
Put 'em up let's see  
Show and prove I hate what ya'll goin through  
Put on any beat  
We can spit in tha street  
From the west to tha east  
North, not south to tha house  
Ya'll surely lose  
Go home nobody in tha flow is so grown

It's me and my niggaz and they got us at tha door  
Likie we ain't gettin' in  
Do this nigga really know?  
We push him to the side and we make it through tha club  
Now the bitches tryin' to show me some luv  
But is to late now 'cause I got many more bitches  
To fuck wit not just them  
I got 'bout 5 bitches pregnant havin' my baby  
I gave 'em enuff chedda' to take care of their babies
