"Till The Club Shuts Down"

Visit "[Till The Club Shuts Down](#)" on MotoLyrics.com

Since the day you left, I would see you come around
And I would see you smile but it would only bring me
down

Boy, you did your dirt yet and still I stuck around
Goodbye misses nice girl, hello heels and ice girls

I know, I know that I'm better than before
I was trying, don't you know?
But boy, you just let us go
And you said, you said that I was so difficult
Now that I'm letting you go
I just want you to know

I'ma dance till the club shuts down
The club shuts down
Till the club shuts down, oh
I'ma dance till the club shuts down
The club shuts down
Till the club shuts down, the club shuts down

I know I know that I'm better than before
I was trying don't you know
But bot you just let us go
And you said you said that I was so difficult
Now that I'm letting you go
I just want you to know

Imma dance till the club shuts down
The club shuts down
Till the club shuts down
Imma dance till the club shuts down
The club shuts down
Till the club shuts down
The club shuts down

I know, I know that I'm better than before
I was trying, don't you know?
But boy, you just let us go
And you said, you said that I was so difficult
Now that I'm letting you go
I just want you to know

I'ma dance till the club shuts down
The club shuts down
Till the club shuts down, yeah
I'ma dance till the club shuts down
The club shuts down
Till the club shuts down, the club shuts down

I know, I know that I'm better than before
I was trying, don't you know?
But boy, you just let us go
And you said, you said that I was so difficult
Now that I'm letting you go
I just want you to know

I'ma dance till the club shuts down
The club shuts down
Till the club shuts down, yeah
I'ma dance till the club shuts down
The club shuts down
Till the club shuts down, the club shuts down

I know, I know that I'm better than before
I was trying, don't you know?
But boy, you just let us go
And you said, you said that I was so difficult
Now that I'm letting you go
I just want you to know

I'ma dance till the club shuts down
The club shuts down
Till the club shuts down, oh
I'ma dance till the club shuts down
The club shuts down
Till the club shuts down, the club shuts down
