And is he good to you, uh huh, alright, yeah

And do you like it when he comes on through? Uh huh,
alright

But is he good to you? Uh huh, alright, yeah

And do you like it when he comes on through? Uh huh,
yeah

And do you like it when he comes on through? Uh huh,
yeah

And do you like it when he comes on you? Uh huh, right

But is he good to you? Uh huh, alright, yeah

And do you like it when he comes on through? Uh huh,
yeah

And do you like it when he comes on through? Uh huh,
yeah

And do you like it when he comes on you? Uh huh, right

But is he good to you? Uh huh, alright, yeah

And do you like it when he comes on through? Uh huh,
yeah
