[C-Murder]

As I wake up and look into the motherfucking mirror
I realize I'm staring into the eyes of a killer
C-Murder who I be, TRU be my click
My mind's on killing but in the process I'm getting rich
As I walk out the crackhouse strapped
With my bulletproof vest cause I can't live with no
bullets up in my chest
I'm a soldier, bitch I told ya
With a shot from the Calliop to the Magnolia
Cause it's a known fact that I sell crack
You fuck with me I'll smoke your ass like cuz smoked
this track
Beeper blowin I gots to apprehend my drug money
But I see popo's in the car and commence to running
This cuz I knew keeps his rocks up in a skittles bag
Nigga I'll be a little late but have my cash
Jumped in the caddilac and hit I-10
Got on the mobile lemme see which hoe I'm gonna go
up in
Cocked my weapon cause I aint got no time for no
bullshit
Ready to kill one of these hoes jealous ass boyfriend
Nigga, don't hate me cause I'm getting head while I'm
smoking weed
And when I'm done I'll fix a sandwich and I'm outie G
?????? I aint workin with it all
I blame that shit on spending half of my life behind
bars
The fedz talkin bout, no limit full of drug dealers
But homicide know C-Murder is a born killer

Chorus

They say I'm a drug dealer
But look into the eyes of this motherfucking killer x2

My mind playin tricks cause um, I think some dope
missing
Time to check my crackhouse cause something fishy
And I aint taking no shorts nigga ask Silkk
I'm known to fold a nigga head like a fuckin quilt

Call bye cause I smell a fuckin murder coming
No limit soldiers bout to have this fuckin party jumping
Infared on AK's for a better aim
T-Shirt, bulletproof vest cause, uh, bullets gots no
name
Cause six deep is how we mob
Time for a 187, a motherfucking homicide
They put another x up on my tatooes
Laughing as another nigga sing the blues
Like Frank Nino, I feel funeral homes make a nigga
wish they kept thier
motherfuckin ass home
You can take me to jail bitch, but that's dumb
Cause the witness will never make it to the
motherfucking courtroom
I'm legendary ask them hoes, see, they be loving
I'm not 2pac but uh, I'll still be thugging
Cause dope, pussy and money is what I live for
Besides my family, that's something I'll kill for
Disrespect my click, and you will feel a
Blast from this motherfucking natural born killa

Chorus x4
