(Intro)

I

Girl if you can feel my heart in a crane,
Girl if you can see my heart disappears,
Did you know that I love you, my love will see you
through...

Chorus:

In my life there's no one else above you, your all that I
need,
In my heart you're the one that I love, only you can feel
my endless love...

II

Can you see it in my eyes my love never lies,
Can you see it in my heart I love you so much,
In my life you're my queen, in my self I'm just a slave...

(Repeat Chorus)

Bridge:

Did you understand the words in my heart,
Did you understand the feelings in the night,
I'll never hurt you after my dying soul...

(Repeat chorus)2 notes higher

My endless love (4x)...
