Set still just in time to see  
The summer sunrise  
And sat singing songs  
About the other side  
We walked all those miles  
To take the high road and die  
And waste all this time

Hey it's okay  
Why don't you hurt me?  
A little trauma can be  
Exactly just what we need  
You know me and self loathing  
Go hand in hand so perfectly

Took pills just in time to see  
Those son of sam eyes  
Start to roll back inside  
Your hollow head and I  
Leave it to me  
Took it all over and in littical love  
When every value's been devalued and evaluated

Hey it's okay  
Why don't you hurt me?  
A little trauma can be  
Exactly just what we need  
You know me and self loathing  
Go hand in hand so perfectly

Rape me  
Why don't you make me, oh  
And rape me  
And take me  
And take me  
And rape me

Hey it's okay, why don't you hurt me  
I won't keep trying to leave

Hey it's okay

Why don't you hurt me?  
A little trauma can be  
Exactly just what we need  
You know me and self loathing  
Go hand in hand so perfectly

Hey it's okay  
Why don't you hurt me?  
A little trauma can be  
Exactly just what we need  
You know me and self loathing  
Go hand in hand...
