Walk up the steps to condescend a little bit,
Let's get that pedestool built so we can admire it.
God don't we look great in sequins?
At the center of attenion, choking in narcisstic bliss.

Why don't you stay a little? parade around a bit.
Let's make a movie or something, let's found you an
outlet.
Cause I'm getting kinda tired of this private school
bullshit.
That ivy league swagger is killing it (is killing me)

Chalk up another win on this side of logistics, cause
now it's about what we got but we don't give.
God, don't we look great in sequence?
Slow and spinning towards the ground.
Curled up in a burning blanket, choking little cooing
sounds.

Why don't you stay a little? parade around a bit.
Let's make a movie or something, let's found you an
outlet.
Cause I'm getting kinda tired of this private school
bullshit.
That ivy league swagger is killing it (is killing me)

My?... is... ?
My?. is placid.
And all that I'm saying,
Is I am fantastic.

My temper is temperate.
My c... ? is... ?
All that I'm saying,
Is I am fantastic.

My spirit is stable.
My will is elastic.
And all that I'm saying,
Is I am fantastic.

Why don't you stay a little? parade around a bit.
Let's make a movie or something, let's found you an
outlet.
Cause I'm getting kinda tired of this private school
bullshit.
