(Verse)

I know your head is full of pain,
and you know I feel the same,
There's nothing left for me to say,
to you I gave it all away,
I try to make you believe,
but you're too afraid to see,
I try to make you stay,
I'll never hurt you anyway,
I try every thing I can,
except for what I'm best at,
So maybe if I sing it to you,
it'll open your eyes, cause I love you,
I showed you everything I am,
but you still don't understand,
You mean the whole world to me,
without you I can not be,
I shared my dark past with you,
I'm nothing but an open book,
I think you feel it too,
this thing between me and you..

(Chorus)

Before I make my final run,
I wanna stay with you, I'm made for you,
Before I decide to grab my gun,
I wanna stay with you, decay with you..

Decay with you.. (x3)
