Ooooooooooooooh

It's that look in your eyes  
Telling me lies  
So many promises broken  
What can I do? What should do?  
Try to love you just as you are

Cos I'm never going to change a thing about you  
Never ever going to change a thing  
(Try to love you) just as you are

Should I leave should I stay?  
Should I call it a day?  
There's so much to say that's unspoken  
In your ray of ????  
All I can do; try to love you just as you are

Cos I'm never going to change a thing  
No I'm never ever change a thing  
(I try to love you) just as you are

It's that look in your eyes  
I know you despise me  
For not being stronger  
What can I do?  
What should I do?  
I'll always loved you just as you are

And I've never tried to change a thing  
Never tried to change a thing about you  
(Always loved you)  
Just as you are

Will you leave will you stay?  
There may come a day  
When I'm weak and I'm stupid no longer  
In my way I've been true  
I've lived just for you  
And always loved you just as you are

I've never tried to change a thing  
Never tried to change a thing about you  
(Always loved you)  
Just as you are
