ahhhhhhhhhhhh
No need to wipe your feet
The welcome mat's not there
I'll just take care before you dare
To step inside my door

Something unbelievable has happened to the floor
Something unbelievable has happened to the floor
Something unbelievable has happened to the floor
Something unbelievable

The room wont give you shelter
They're open to the air
The upper storeys out of reach
The stairs no longer there
Beyond all understanding
You've blown my house apart

You set me free
You set me free
You set me free
You set me free
You set me free to let you know
You set me free to let you know
You planted everlasting hatred in my heart
You planted everlasting hatred in my heart

My rooms' wont give you shelter
They're open to the air
The upper storeys out of reach
The stairs no longer there
You planted all your everlasting hatred in my heart x4
You have planted all your everlasting hatred in my
heart x5
