With a friend to share your angry life  
Deadly secrets to resolve your strife  
Death remaining on each thought you owned  
Blackened hate in legacies renowned

Love and death  
Lure your prey  
Thought by thought  
From your hate

Recanted murder in a place of peace  
Hide the truth from one that is deceased  
Did you believe so little in your life  
To kill a friend to satisfy your plight

In my crime  
I am living  
I can die

Unforgiving

Lost in trials  
No repentance  
Trapped in time  
Serve my sentence

No remorse  
Youth got old  
Wasted life  
Blood ran cold

Point the finger at the only thing you truly loved  
On your way to ending life - tonight

Took too much  
To the end  
In denial  
Deceived your friend

See myself  
Through your eyes  
You are all

I despise

As I bleed  
What I gave  
Put me now  
In my grave
