[Wakin' up, he poors his cup of coffee
pains of hunger won't go away, haven't gone away in
years
(CHORUS 1
clap clap
clap your hands right now
stand stand
stand and take a bow
you are stronger than you think
(than you think)
dare dare
to love when others hate
take take
take a leap of faith
live your life in permanent ink)
50 years, he disapers
they disapear quicker than ... a flash
he always thought by now he'd be a man
he would touch the world
with his two hands
(CHORUS 2
give it up, give it up now
the mirror seems to say
give it up, give it up)
(CHORUS 1) 2 X
take a leap of faith
nothing risked is nothing gained
with faith
(CHORUS 2)
(CHORUS 1)]
