Do you feel like coming to dance?  
Or make love baby  
I know you want it  
So come down and show me what you need  
So, do you feel?  
Feel like comin'Â'  
Do you want me to stand alone?  
Take that flower from your hair  
And come dancing in the rain with me

Do you feel  
Feel like running  
If you're shy babe that's ok  
I know we can fly if we're  
Dancing in the rain you see  
And when we dance  
We can make love babe  
When you move you can do no wrong  
Show me how you feel  
Come dance in the rain with me

There she goes  
She's like a sexy rose  
And her body's like a secret  
That you gotta know  
It's were I wanna be

There she goes  
She's got a sexy pose  
When she looks at me  
And slowly takes off all her clothes  
You move like you own the world  
Why don't you dance with me?

I see your smile oh baby  
Sweet sex can drive me crazy  
Oh love  
Ooooh you wanna dance in the rain with me?  
And when we bump and grind all night  
And it feels just like candy  
Oh doll  
Do you feel like dancing in the rain with me?

There she goes  
She's like a sexy rose  
And her body's like a secret  
That you gotta know  
It's where I wanna be

There she goes  
She's got a sexy pose  
When she looks at me  
And slowly takes off all her clothes  
You move like you own the world  
Why don't you dance with me?

I see the girls dancing slowly  
And the boys they moan like they're so horny  
Oh doll  
Do you feel like dancing with me?

There she goes  
She's like a sexy rose  
And her body's like a secret  
That you gotta know  
It's where I wanna be

There she goes  
She's got a sexy pose  
When she looks at me  
And slowly takes off all her clothes  
You move like you own the world  
Why don't you dance with me?

There she goes  
She's like a sexy rose  
And her body's like a secret  
That you gotta know  
It's where I wanna be

There she goes  
She's got a sexy pose  
When she looks at me  
And slowly takes off all her clothes  
You move like you own the world  
Why don't you dance with me?

Do you wanna dance in the rain with me?  
Do you wanna dance in the rain with me?
