Lady love, are you sad today, come and sway with me  
over here  
sorry sunlight jaded forever I dont like it cold in the  
summer  
no need for the wasteland of the pain anymore.  
My hands embrace the air every time i look at you  
one last chance we can burn the morrow, one last  
chance before tomorrow  
i dont care where we go  
i dont care what we do  
doesn't matter who we are  
cause all we have is a broken cal  
ause all we have is a broken call of the sea  
its time to let things go  
its time to just be free  
junkie, come on now junkie  
id like to find a way to kill the pain for you  
junkie you are the cry of pain  
i know that someday love and death will make you new  
lady love the morose horizon while we've been gone  
she holds my hand  
i just want to mow this forever wanna sleep in love

where ever  
no need of the wasteland of the wounded sea  
one last chance we will burn the sorrow  
one last chance before tomorrow  
junkie, come on now junkie  
id like to find a way to kill the pain for you  
junkie you are the cry of pain  
i know that someday love and death will make you new  
junkie, come on now junkie  
id like to find a way to kill the pain for you  
junkie you are the cry of pain

i know that someday love and death will make you new  
junkie, come on now junkie  
id like to find a way to kill the pain for you  
junkie you are the cry of pain  
i know that someday love and death will make you new
