Oh, break out
I wish I knew
It's late and I'm confused
I'm tired of feeling like I abuse you

I know these days will make me crawl
God, please don't let me fall

This time
I'm in your silhouette
And I'm fading into you
This time
I'm in your solitude

I'm an ocean growl and reminding my symphony of
uncertainty
Well there's plenty bad weather in my head
In my head the sky is changing
For you and me I crave the break, now I see

I know these days you made a man fall
But I ain't about to crawl

This time
I'm in your silhouette
I'm fading into you
This time
I'm in your solitude

I know these days you make one moment fall
Please don't let me fall
I ain't about to crawl

So I'm blamed for loving you
Blamed for loving you

This time
I'm in your silhouette
I'm fading into you
This time
I'm in your solitude
I'm fading into you

This time
I'm in your wilderness
I'm tryin' to find a way to crawl, yea
Fading into you
Solitude
