All around the world  
All around the world

I'm more than ready to party babe  
Let's take it to the floor  
Come put your arms around me baby  
As dance outside the universe  
Now raise your hands while the music is playing  
It's got me going, going crazy  
Room set on fire, girl shake your body  
And get into it, get into it  
Feel the music  
Calling all around the world

Chorus:  
It's a celebrating we celebrate tonight  
All around the world  
There's no hesitation  
Just get this party started started  
All around the world

Let's celebrate and drink champagne  
Don't hesitate, all around the world  
Hey what's your name, let's fall in love  
I came to celebrate

I'm feeling good so I came to party  
Came to celebrate yeah  
I brought my girls and we're feeling naughty  
We're gonna dance the night away

Now raise your hands while the music is playing  
It's got me going, going crazy  
Room set on fire, girl shake your body  
And get into it, get into it  
Feel the music  
Calling all around the world  
All around the world  
All around the world, the world  
All around the world, the world  
All around the world

All around the world hey hey

[2 x Chorus:]

Let's celebrate and drink champagne  
Don't hesitate, all around the world  
Hey what's your name, let's fall in love  
I came to celebrate  
All around the world
