Baby
Oh no
I've been stuck here I've been searchin' so long.
Baby
Don't go
Millions of people were wrong.
In the dark of the cold light of day I will still be here.
If my heart and my soul had their way you would still be
here.
'nother lonely night in New York
The city of dreams just keeps on getting me down.
'cause my baby's no longer around and my feelings
can never be found.
'nother lonely night in New York
And my sorry eyes are lookin' out on the world.
Baby
You said
A guy like me was way out of line
And knowing today
Your leavin' was a question of time.
In the midst of a sweet summer rain you will find me
here.
Should the sparkle of stars lose their way I'll be holdin'
near.
'nother lonely night in New York
...
In the dark of the cold light of day you will find me
here.
If my heart and my soul had their way you would still be
here.
'nother lonely night in New York
And I'm just a soul in the heart of the city.
Just another lonely night in New York
The city of dreams.
Just keeps on getting me down.
Just another lonely lught in New York.
