Yeah Yeah

Man I swear life's good now straight

I was picking up some pennies now I got money in the bank yeah

Even when they said it's too late I found a way to be early

Got all the worms I ate my buffet and I'm always on time

I be ballin on a budget but only pay to survive

You gassed up I'm on drive to the muthafuckin wheels fall off

Let's call ride don't get it twisted this is funny

So when he trash talk sounds dumb to me

Lookin like a straight bum to me expectin hand outs

While I'm on the hunt for cheese

He wanna be knockin me down what

But I'm a unlimited rounds brah

So go ahead and take ya cheap shots

It's all good I'm about to knock ya ass out

Hook

Yeah got my middle finger high

Put the bullshit to the side

Cause I ain't got the time

It's all good it's all good homie

It's all good tell em it's all good

See I'm straight go and save the drama for ya mama

Cause I'm living life too great

It's all good it's all good it's all good

Tell it's all good

I swear life already has a pre set

I work harder and the easier this shit gets

Yeah then you win some and lose some

I elevated and then my team shrunk

Playin that blame game always on the same thing

Get it straight I don't need nobody slowin me down

Cause I hold it down ain't my fault my shit not broke

And it just keeps knocking you down

Hold up I'm just sayin what I feel though

Unlike them other cats who let it build slow

Until they can't take it no more
That they finally explode and now they so low
People sayin that they made my career
But homie I'm still here and ain't goin no where
I earn my respect and never plan to lose it
So best believe it's all good over here

Hook
Yeah got my middle finger high
Put the bullshit to the side
Cause I ain't got the time
It's all good it's all good homie
It's all good tell em it's all good
See I'm straight go and save the drama for ya mama
Cause I'm living life too great
It's all good it's all good it's all good
Tell it's all good

Yeah this the break down
Where I will break down
But it's all good I'm great now
Deuces to the drama deliver some good karma
No matter problems I know how to grind
Defying the laws of gravity conquering all the odds
Giving suckers brutality so I never under go tragdies
I just let the grief of the moment then I'm back to me
So to you girls that try to play games
I got the girl of my dreams and she's here to stay
And to my so called friends how's it feel to see
I'm still getting the moola
Cockitive but I'm livin on cloud nine
Talkin shit I'm backpackin to get mine
I'ma get that dirt off my shoulder
To every hater in the world
I'm saying it's game over

Hook
Yeah got my middle finger high
Put the bullshit to the side
Cause I ain't got the time
It's all good it's all good homie
It's all good tell em it's all good
See I'm straight go and save the drama for ya mama
Cause I'm living life too great
It's all good it's all good it's all good
Tell it's all good
