She said she's never been in love before
That every man she's cared for walked out the door

Verse 1

Hello Hello I'm in l-o-v-e with a girl
Who's so damn special to me
Cupid hit me with his arrow dead on
For me to pass up any girl that came along
Cause I got my eye candy my one and only lady
That little smile from ear to ear still drives me crazy
Maybe cause she gets me and she has my heart
No better moment then she's layin in my arms
But she's hurt from her past guys
Says all men are bad guys from her pops to her ex
So she thinks that all men lie
I said 'I'm different' and she tells me to 'Prove it'
I told her anything she needs 'baby I'll do it'

She said she's never been in love before
That every man she's cared for walked out the door

Nowhere nowhere nowhere nowhere x2

(Verse 2)

Nowhere else is where I wanna be
Even when I'm having the time of my life
With you is where I'd rather be
But when I leave even if it's for two seconds
She starts to think that I'm out creeping with other
women
And I'm like 'baby trust me I know it's hard to trust me'
I know that you've been cheated on and you only have
so much to give me
But just give me time to understand earn a place to be
your man
All I'm askin is for a chance to be the one to
comprehend
And show you with action and less with words
I wouldn't never plan to love any less than you deserve
And baby you deserve it all and that's the honest truth
I can't give my heart away if I already gave me heart to

you

She said she's never been in love before
That every man she's cared for walked out the door

Nowhere nowhere nowhere nowhere x2

(Spoken)

Baby I know you been hurt by other men in your life
I just want to prove to you that I'm not the same
And I promise that I'm not going nowhere
And you can count on that

She said she's never been in love before
That every man she's cared for walked out the door

Nowhere nowhere nowhere nowhere x2
