Gotta broken heart again
Must be the millionth time
You're out with all your friends
And im home alone cryin
You said we'd last forever
Forever came at noon
Tonight there's only one thing to do

Im gunna party like a rockstar
Hit a bunch of strip bars
Wake up naked in a hotel room
Throw my TV at the window
Smoke up a bunch of endope
Anything to get my mind off u
But a telephone pole wrapped around my car
And party like a rockstar

After all the nights we
spent cuddling on the couch
And all the parts I passed up
cuz you didn't feel like goin out
I garentee u Steven Tyler
didn't put up with crap like this
Tonight im making up for what I missed
Ohh yeah

Im gunna party like a rockstar
Hit a bunch of strip bars
Wake up naked in a hotel room
Throw my TV at the window
Smoke up a bunch of endope
Anything to get my mind off u
But a telephone pole wrapped around my car
And party like a rockstar

Ohh yeah uhh yeah come one uhh huh
and the more I think about it the less it hurts
inside because I wanted dead or alive

Im gunna party like a rockstar
Hit a bunch of strip bars

Wake up naked in a hotel room
Throw my TV at the window
Smoke up a bunch of endope
Anything to get my mind off u

Im gunna party like a rockstar
Hit a bunch of strip bars
Wake up naked in a hotel room
Throw my TV at the window
Smoke up a bunch of endope
Anything to get my mind off u
But a telephone pole wrapped around my car
And party like a rockstar

Yeah uhhuh party like rockstar
We gun we gunna party like a rockstar

Everybody say party
Everybody say party like a rockstar
That dude looks like a lady woohh
