(verse 1)

I only care about one thing,
only care about myself,
and what does that bring?
When you, only care about yourself too,
our relationship's up in the air,
what do you do?

(chorus)

Love, why do I care at all?
Why do I give at all?
What do you do when the lights turn to dark
and you don't know my name?
Why do I care at all?
Why do I give at all?
What do you do when the lights turn to dark and
you don't know my name.....
don't know my name....

(verse 2)

I walk away though you loved me
and the reason's a mystery
why it all fell apart..
and you, gave into selfishness too,
our relationship's up in the air, what do you do?

(chorus 2)

Cause love (love),
why do I care at all? (why do I care at all)
Why do I give at all? (why do I give at all)
What do you do when the lights turn to dark
and you don't know my name?
Why do I care at all? (why do I care at all)
Why do I give at all? (why do I give at all)
What do you do when the lights turn to dark and
you don't know my name.....don't know my name?

(bridge)

You say that time, it must have run out on us,
but we stuck around,
and you say that you need time to see, if we,

if we're still in love
and I know in time it will all make sense
but till then, tell me what, is all this for?

I only care about one thing,
only care about myself
and what does that bring?

Cause love.. (love),
why do I care at all? (why do I care at all)
Why do I give at all? (why do I give at all)
What do you do when the lights turn to dark
and you don't know my name?
Why do I care at all? (why do I care at all)
Why do I give at all? (why do I give at all)
What do you do when the lights turn to dark and
you don't know my name.
