There's a life out there
That you have to live

Somebody told me tears are like rain
So wipe it away
Don't fool yourself in need to believe
It's all coming back

Why are we
Blinded by our fears
Who wants to see
The dark side of the moon

Remember there's a life to live
You know you gotta live your life

Just wanna show you, you're my love
I'll stand by your side
'Cause when the darkness leads you astray
Chase the demons away

Why are we
Blinded by our fears
Who wants to see
The dark side of the moon

Remember there's a life to live
You know you gotta live your life

You've got a life to live

There's a life out there
That you have to live
If you all believe in life
Don't forget to live your life

Remember there's a life to live
You know you gotta live your life
Remember there's a life to live
You know you gotta live your life
You've got a life to live
