Walking out the crazy way I came
Is this what you want, for me to find the door
I know you know just how to call my name
So come on baby say the right word for

[Chorus]

If you're feeling lonely hold on honey
I'll be on my way don't worry
You won't be alone again tonight
I'll be standing at your own front door
You don't have to search no more
Just give me a moment tonight
I'll show you what's right

If I should go and leave it all behind
Baby you know that I will lose my mind
Let's go on now and find out destiny
I'll be there forever in harmony

[Chorus]

If you're feeling lonely hold on honey
I'll be on my way don't worry
You won't be alone again tonight
I'll be standing at your own front door
You don't have to search no more
Just give me a moment tonight
I'll show you what's right

[Bridge]

I just know without you I can't go on
I'll be your woman all day and all night long

[Chorus x2]

If you're feeling lonely hold on honey
I'll be on my way don't worry
You won't be alone again tonight
I'll be standing at your own front door
You don't have to search no more
Just give me a moment tonight
I'll show you what's right
