In the mid of a song,
Don't you give in (don't you give in),
When you feel that life has done you wrong,
Don't you quit (don't you quit).

Times might seem hard and rough,
And you feel you've had enough,
Keep your head up high,
Struggles will make you tough,
You feel that there's no love,
Give my love a try.

I'm Givin' U all that I've got,
The best part of me (givin' U all that I've got),
I'll be there for you baby,
Just open your eyes and you'll see.
I'm Givin' U all that I've got,
The best part of me (givin' U all that I've got),
I know you find it hard to love again,
But my love is free.

My love is free,
Baby can't you see baby,
My my love is free,
My my my love is free.
My love is free,
Baby can't you see, (oooooh oh oh oh)
My my love is free.

I know you've been through your changes,
Well, it's gonna be alright (it's gonna be alright),
Your life's been faced with rearranging,
You had to really really fight.

Just put your trust in me,
This love is guarantee,
I'm gonna be right here,
And you slowly you will find,
My love's a special kind,
Just try it and you'll see.

I'm Givin' U all that I've got,

The best part of me (givin' U all that I've got),
I'll be there for you baby,
Just open your eyes and you'll see.
I'm Givin' U all that I've got,
The best part of me (givin' U all that I've got),
I know you find it hard to love again,
But my love is free.

It's not much more than I can change,
To make you feel this
I know that this is your way,
Stay with me,
Baby, time will reveal,
That my love is real,

I'm Givin' U all that I've got, (all)
The best part of me (I'm givin' U all),
I'll be there for you baby,
Just open your eyes and you'll see.
I'm Givin' U all that I've got, (givin' U all)
The best part of me (I'm givin' U all),
I know you find it hard to love again, baby.
