You are the one  
You give me that something I need  
It is me, and I'm calling  
You are the one  
Making it easy to be  
In love with you I'm falling  
We been down  
Don't you know we been down here, and I feel it  
Even now,  
Time that we make a deal, and seal it

It's all about you  
The things that I do  
The rest of the world don't understand me  
You are all I dream  
Everything that I need  
Because when you are gone, I feel so empty  
It's all in the way you look at me  
You're driving me crazy  
It's all about you  
All the things that I do  
You are my life  
Because you make it amazing

I am the one  
Who doesn't know how to say no..  
To you I'm so easy  
I am the one  
Who's letting my ego just go  
For you complete me

We have been down  
But something tells me it's only getting better  
So stick around

I want to know what it feels like forever  
And ever

.  
It's all about you  
The things that I do  
The rest of the world don't understand me  
You're all that I dream  
Everything that I need  
Because when you are gone I feel so empty  
It's all in the way you look at me  
You are driving me crazy  
It's all about you  
All the things that I do  
You are my life  
Because you make it amazing

.  
I am never alone with the loving you give me  
Wherever I go I'm hoping you miss me  
Don't want to ever go back  
Never ever go back  
Baby you're my destiny  
Oh yea.
