"End Of Time"

Keep breathing, keep striving
Get living, fuck dying
Best wishes, fare the well
Feel so alive it's angelical

There are no prophets that need to be idolized
There is no such thing as an ordinary life
We all deserve to feel good about our lives
So let's make the very best of it until the end of time

No losers, no winners
We all are beginners
Born to come, full circle
We are all a modern day miracle

There are no prophets that need to be idolized

There is no such thing as an ordinary life
We all deserve to feel good about our lives
So let's make the very best of it until the end of time

Each and, every
One of us
Both you and me
Each vital sign
And each heartbeat
A crucial part of our history

Each breath, each kiss
Each hit and each miss
Each touch, each cry
Each death a part of us all dies

We all deserve to feel good about our lives [2x]
Good about your life
