"How Do You Feel Now?"

What would you say if I said I don't want you anymore?
What would you think if I left your bags outside of the
door?
How would you feel if I knew all about your little lies?
What would you do if I saw right through your disguise?
You better start thinking what you'd say think feel and
do
'cause I no longer what anything to do with you a
Hear me just this once
I won't repeat myself again
It's over, finished, done, the end
Can I ask you, can I ask you, how do you feel now?
Let me ask you, let me ask you, how do you feel now?
What could you say that hasn't been said a million
times?
What could you think you've always memorized all of
your lines?
How could you feel your heart wasn't in it from the
start?
What happens when your precious little world comes
falling apart?
All those fucking times you fucked with me and played
your stupid games
Those days are over now 'cause the master-slave
relationship's been rearranged
All those fucking times you left me reeling feeling
pathetic
Well I'm dealing 'em back to you in spades and just like
you, payback's a bitch
It's coming it's coming it's coming back to you
Don't act so surprised like you haven't got a clue
There's nothing there's nothing there's nothing you can
do
Your over your finished it's curtains for you
