Whatever makes you happy
Whatever makes you tick
Whatever makes the days that you pass through
Seem worth it
Whatever makes you feel like you're in place
Whatever makes your burdens lose their weight
Whatever makes you feel like you belong
Whatever makes you strong

It's up to you
Do whatever you want to do
Just be sure you follow through
Whatever makes you feel alright
Whatever gets you through the night

Whatever puts it's arms around you
Whatever makes you smile
Whatever makes your daily battles seem worthwhile
Whatever makes you feel like your time is well spent
Whatever causes you to be content
Whatever helps you to erase your doubts
Whatever makes you proud

You are your best critic your best defense
It's you and no one else
So take charge of your choices and your life
Take charge of yourself
